PRAGUE, March 2.—The sum of 27,000,000 crowns, almost \$4,000,000, has been set aside in the 1923 budget of Czechoslovakia for payment of its debt to America.

"We are going to pay our debt to America," Dr. Alois Hladky, brilliant finance minister, told American officials at Prague a month ago.

A few days later he was assassinated by a young student, located by his ministerial policy, which has saved the country from the fate of Germany.

The Czechoslovak government has its debt at a fraction over 100,000,000, not including interest.

ITEMS OF DEBT

The principal items are \$5,000,000 for supplies and the transport of Czechs into the United States; \$17,000,000 for post-war reconstruction and \$10,000,000 for war stocks bought from the American government.

Foreign Minister Benes said a commission to negotiate the payment of the debt will leave for Washington in a few weeks.

The first duty of the commission will be to estimate the respective amounts of the two governments with the American commission and reach an agreement on disbursement.

"We do not know exactly how the accounts stand, whether food credits should be considered one debt and military supplies another," he said.

"We wish to discuss the whole question, and we will hope to get good terms as any Allied debtor to America. We hope no greater burden will be placed on Czechoslovakia than on the other Allies."

The members of the commission have not yet been named, but Mr. Hladky, who commanded the Czech army in the battle of France, is one of the American representatives.

Other obligations

Mr. Benes explained the exact state of the commission's departure depends on negotiations with the Czech government has now started with the British, French and Italian governments, because it only that it cannot be considered a debt to America without paying the other credits also.

The government has made provision in the 1923 budget for these credits for the American credit, though it is not yet known whether the relief credits and military supplies, Great Britain \$25,000,000, France \$14,750,000, Italy \$10,000,000, and the United States \$10,000,000.

his resolution to ratify the world court protocol.

OBLIGATORY JURISDICTION

The question whether the President favors the creation of obligatory jurisdiction of the court, Hughes answered in the negative.

"For the reason that the Senate has so clearly defined its attitude in opposition to such an agreement that until there is a change in the attitude of the Senate, it would be entirely futile for the Executive to negotiate a treaty of the sort described."

"I understand," said Hughes in his letter to the President, "that the Senate, conscious of large efforts, was wading into the seventeenth bill considered in committee of the whole this afternoon, a gallery of visitor leaned over the rail and, in a voice that carried well across the chamber, queried:

"Is this what the people are paying taxes for? There is the intelligence in this blank out."

The leading Senator of the anti-compact organization signaled the President to withdraw the bill, but it was taken into custody, but later was released.

FACT TO ENROLLMENT

The Colorado pact, with reservation, went to enrollment by the Senate, but it was not until the House being cut off in its eagerness to explain his adverse vote.

There is a possibility that the rider will be removed in the House and the pact sent back for the Senate to kill or favor. This might mean a full responsibility on the Governor.

In the House a bill was passed proposing to put before the voters the plan for issuance of \$25,000,000 State bonds for erection of a dam on the Colorado River. The designation of the dam as the site was removed. This was supported by the reservationists and passed by a vote of 24 to 18.

The House then turned to an end and water Commissioner Norvell still is unfired, though a Republican, as the Senate instructed preparation of the bill, and the other consolidation with the land commission.

PARTIAL ACTION REFUSED

The House refused partial action in voting down a resolution reciting condemnation over the employment of three murderers as a condition for the ratification of the time of the Republican administration. It acted favorably on House bills requiring smelters and the new Federal Reserve Bank.

The Senate recommended for passage a Senate bill that would turn the university over to the State, in giving him power to appoint eight senators at once, for two years.

There was Senate approval of the House bill on the Ku Klux Klan, which was against marked attacks such as the Ku Klux Klan is accused of.

W. G. BEALE, FAMED

HIMSELF IN DRAWING UP  
FIELD WILL

(EXCLUSIVE DISPATCH.)

CHICAGO, March 2.—William Gertrude Beale, member of the Chicago bar since 1881, and one of the leaders of his profession for many years, died tonight.

Mr. Beale probably was most widely known as the lawyer who drew the famous Marshall Field will, which placed the estate of the millionaire merchant in the hands of his heirs. Although an intricately complicated instrument, it withstood the attacks directed against it and is considered a model of its kind.

Mr. Beale was one of the three trustees of the estate of the late Joseph M. Medill, the other two trustees being the daughters of Mr. Medill.

He was born at Waukegan, Kanabec county, Maine, Sept. 10, 1854, graduated from Bowdoin College in 1875, and following year came to Chicago. He then lived in the city of Chicago, where he was principal of the high school for the deaf. One of the original partners in his law firm was Robert T. Lincoln, son of Abraham Lincoln.

WASHINGTON, March 2.—Assurance that the prohibition issue will be kept alive and kicking harder than ever in the next Congress was furnished today when Senator Edge, Republican of New Jersey, announced that he would introduce a 3 percent beer bill and fight for its passage in the next Congress.

Senator Edge's colleague in the next session will be ex-Gov. Edward G. Bradley, who has been elected to the Senate from New Jersey. Senator Edge's announcement was taken to mean that he is aiming to avoid the fate which befell Senator Frelinghuysen, Republican New Jersey, when he ran on a dry platform last year and was defeated.

Chief Justice Taft Picks Up a  
Busy Painter

By A. P. NIGHT WIRE

WASHINGTON, March 2.—A painter working on one of the government buildings near the Capitol yesterday dropped his brush. It landed on the terrace, and he asked a large pedestrian who passed opportunely to hand it to him.

The passer-by scrambled up the terrace and lifted the brush to the workman.

"Thanks," said the painter. "Didn't mention it," replied Chief Justice Taft.

## MIDDLE WEST NEWS IN BRIEF

[EXCLUSIVE DISPATCH]

DENVER, March 2.—Charged with systematically robbing the P. S. Mercantile Company by making excessive postage stamp expenditures, William M. Main, 26 years old, clerk and head of the mailing department of the firm, admitted that he had stolen \$15,000 in a period of three years.

An active fight to have the appropriation of the State prohibition enforcement department doubled has been started by Governor Sweet and it is anticipated that he will call the Senate and House of Representatives into joint session soon to lay his demands before them.

The bulk of the \$100,000 estate of George F. Hook, president of the Denver Old Fellow, who died recently, was left to the Old Fellow's lodge, according to revelations of his will, filed for probate in the County Court.

QUESTION REMAINS ARE

By CARL AND ASSOCIATED PRESS

LONDON, March 2.—"The Londoner's ghost," that Balfour note which is still unexplained in its origin, is the Outlook today in a weekly editorial review by "Norm," dealing with the subject of the note in America. "It walked the globe in America," it walked Wednesday night at the dinner table, as a new form of which Ambassador Harvey and Stanley Baldwin, Secretary of the Exchequer, were to say kind things to one another about the settlement of the American debt.

"Most of the dinner undoubtedly felt that the Ambassador's remark was a masterpiece of diplomacy, but the whole matter is over. The note is dead, and the settlement of the American debt is a done deal."

"However, as we have known for months, the American administration will not permit the note to be regarded as a done deal. The note is dead, but the settlement of the American debt is a done deal."

RUPTURE  
EXPERT HERE

Famous in This Specialty, Called to Los Angeles

Dr. H. H. Reilly, of Chicago and Philadelphia, the noted truss expert, will personally be at the Los Angeles Hotel and will remain in the city this Saturday, Monday, Tuesday and Wednesday, from 9 a. m. until 6:30 p. m. daily. Mr. Reilly says: "The Spermatic Cord will not only retain any strain of rupture perfectly, but can be opened in 10 days on the average case. This result is obtained during the day—the repair of itself throughout the night while all strain is retained. Being a vast advancement over all former methods, it is an instantaneous effect, and is appreciable and without any strain or position no matter the size or location. Large hernias, of incisional rupture, (following operations) especially suitable. This instrument is the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be treated before the use of any truss, as some rest where the hernia is not where the truss is, necessitating operations. Mr. Reilly has been in the United States since Washington, D. C., for several years. He will be glad to demonstrate his charges or fit them. Business demands prevent him from staying at any one place in the city. Every statement in this notice is true and correct. The Federal Court, U. S. District Court, San Francisco, California. Cooks to be Given Prizes for Best Efforts

Names of Winners Will be Published in Book

Proceeding on its way through the menu, The Times' fourth recipe contest concerns itself with vegetables and their sauces, including tried and true recipes handed down from generations, and new methods originated by clever cooks. Recipes submitted in this contest should be written on one side of the paper only, and should bear the name and address of the person submitting them. The prize winners and a selection of the best of the others will be published in book form at a nominal price when the contests have been completed. The names and addresses of successful contestants will be published in the book.

## OLD-FASHIONED GREENS

One-fourth pound best bacon well streaked, mustard two parts, spinach one part. Cook until tender, having just enough water to keep from burning so all but about two or three tablespoons will be cooked out when greens are tender. Now add bacon fryings to season well about three tablespoons and simmer ten minutes, or dry enough to serve. Salt and pepper to taste. Heap in a mound on a platter and surround with alternate bacon and quarters of lemon laid on either parsley or cress. Serve accompanied with pan corn-bread and tender green onions.—(Pearl Eastin, 855 Ardmore, city.)

## BEETS AND EGGS

Get your beets as near the size of an egg as you can and boil till tender. Plunge into cold water to peel. Hard-boil enough eggs to alternate with beets in your serving. Prepare a spiced vinegar as for sweet pickles and cover the eggs and beets while hot and seal. These must be prepared at least three days before wanted so the vinegar will penetrate the eggs and beets.—(Pearl Eastin, 855 Ardmore, city.)

## VEGETABLE CHOWDER

Use medium-sized stewpan. In one melted tablespoon of butter brown one heaped tablespoon of chopped onion. Add two cups chicken stock and one cup water. When boiling add one cup diced raw potatoes, one cup diced raw carrots, and one-half cup finely chopped celery. Season to taste with salt and pepper. Cover kettle and simmer till vegetables are done. Then add one-half cup cooked green peas, one tablespoon peanut butter (worked to a paste with hot liquid) and one-half cup thin cream. If liquid has boiled down too low, add more stock or water. Serve hot. This makes a substantial main dish for two people.—(Mrs. Winifred Gray Stewart, 227 North Verdugo Road, Glendale.)

## STUFFED CABBAGE

Steam or cook a medium-sized cabbage in boiling water for fifteen minutes, remove leaves and take out center stem, so that the leaves will boil easily. Mix one cup of bread crumbs, one cupful ground cabbage, one cupful of chopped ham, one egg, one-half teaspoon salt, two sprigs of parsley, one chopped red pepper; mix all together and shape like croquettes, roll in the cooked leaves, pin together with a toothpick. Place in boiling water in baking pan, pour over this a couple spoonfuls of catsup. Cook in slow oven forty minutes and serve hot.—(Mrs. Louis Fleckenstein, 1256 American avenue, Long Beach.)

## STUFFED GREEN PEPPERS

Mix one cup of either shrimps, hamburger or mushrooms with one-half pint sweet cream, one cup of bread crumbs, heat all together and add two eggs; cut tops off eight peppers, take out seeds and membranes, then stuff with the ingredients; place tops on and bake from thirty to forty minutes in moderate hot oven. A little water may be poured out to keep them from getting too dry.—(Mrs. Louis Fleckenstein, 1256 American avenue, Long Beach.)

## BAKED OYSTER PLANT

Three and one-half cupfuls of cooked oyster plant, six tablespoons butter, one heaping tablespoon salt, a dash of pepper, a cupful of bread crumbs or rolled crackers. Put mixture through a potato ricer and part of the butter and all the other ingredients; mix well with the hands; put in baking dish, cover with the bread crumbs and the rest of butter, bake a delicate brown and serve hot.—(Mrs. Louis Fleckenstein, 1256 American avenue, Long Beach.)

## STUFFED SWEET POTATOES

Take four medium-size baked sweet potatoes, tablespoonful of butter, teaspoonful salt, one cup of sweet milk, tablespoonful brown sugar. Cut the potatoes in half lengthwise, then mash; add salt, pepper, butter and milk. Beat well, fill potato shells lightly, sprinkle with sugar; bake in a hot oven until brown.—(Mrs. Louis Fleckenstein, 1256 American avenue, Long Beach.)

## CELERY NUT AND POTATO LOAF

Two cups celery cut fine and must be tender; 3 tablespoons butter, one cup of chopped nuts, an egg slightly beaten, teaspoonful milk, one teaspoonful salt, one pint water, one-half cup oil. Cook celery thirty minutes in boiling and salted water, then drain; add all the other ingredients, mix well and place in a well-buttered baking dish and bake in a moderate oven forty minutes. Turn out on garnished platter and serve with a tomato sauce. Tomato sauce: One cup of cooked tomatoes, one teaspoon brown sugar, one-half cup hot water, one-half teaspoon each of salt and onion salt, a dash of cayenne pepper, one clove, one bay leaf, three tablespoons fat, four tablespoons flour. Blend well and cook until smooth.—(Mrs. Louis Fleckenstein, 1256 American avenue, Long Beach.)

## STUFFED EGGPLANT

Boil medium-size eggplant until tender, then cut off top, scoop out inside and chop fine; add one cupful of walnut meats cut fine, two full tablespoons butter, one-half teaspoonful salt, a dash of pepper.

THE TOWN OF  
GIRARD

IN SAN FERNANDO VALLEY

[ 2,000 ACRES ]

Located on the Ventura State Highway at juncture of Topanga Canyon Drive, San Fernando Valley's ONLY OUTLET TO THE HARBOR, except through Los Angeles.

THERE has already been one advance in the price of lots in the new town of Girard, since its opening a month ago. Another advance of 5% will become effective March 4th at midnight. Today's price opportunity will not come again.

Remember this: the development of Girard is not a promise. It is an actuality. Hundreds of thousands of dollars are now being expended in improvements.

This new town is backed by many of the most influential men in Southern California — the same group of men who developed Walnut Park.

Some of their names follow:

### MOLLA IS UTTERLY ROUTED AT MONTE CARLO IN SINGLES AND DOUBLES

#### MIZANNE HAS LOTS OF FUN

Her Rival Beaten by Mrs. Satterthwaite

Then Does It Herself in the Doubles

Champion Far Off Her Usual Game

CHICAGO, March 2.—The tennis match between Mizanne Lane and Mrs. Satterthwaite, which was played today at the Monte Carlo tournament, was a most interesting one. Mizanne, who is the champion of the world, was defeated by Mrs. Satterthwaite, who is a well-known player. The match was played in the afternoon and was watched by a large crowd. Mizanne was not at her best today and Mrs. Satterthwaite took advantage of this to win the match. The score was 6-4, 6-3.

#### TOILER TEAM SWAMPED

Hollywood Track Squad Walks Roughshod Over Manual Arts in Dual Meet

Coach Bill Page has something of a track squad out at Hollywood High and proved the same to everybody with a convincing defeat of the Manual Arts track squad today. The Hollywood team won all six events and the Manual Arts team was completely swamped.

#### WILDCATS WALLOP

TROJAN BASKETEERS

TUCSON (APRIL) March 2.—The University of Arizona basketball team defeated the University of Southern California team today in a basketball game. The score was 24-14. The Wildcats won the game and the Trojans were defeated.

#### RETAINS NET TITLE

NEW YORK, March 2.—Miss Marie Wagner of New York today retained her title as metropolitan indoor women's tennis champion by defeating Mrs. Charles V. Hughes.

#### RAILSPLITTERS ON TOP

Coach Tommy Davis' Lincoln High speedsters headed the Oxy freshmen tracksters to a 73-40 drubbing in a meet held yesterday afternoon at Patterson field.

#### PASADENA IN CLOSE WIN

Pasadena High School's slender team took the L. A. Romans indoor camp yesterday on the Millionaires' field by a 56-23 to a 56-1-3 score.

#### CHAMP BOXES FOR CHARITY

Jack Dempsey yesterday afternoon put in his second day of training at Tommy McFarland's gymnasium and incidentally pulled off a big benefit for Monte Attell, one time famous prize fighter, who is now almost blind.

#### POLY LICKS JEFFERSON

Coach Doc Skinner's high-powered Poly High School track-and-field aggregation defeated the Jefferson High cinderpath squad, 71 to 42, when the two teams clashed yesterday afternoon on the Demoret oval.

#### GENARO MAY BATTLE WILDE

NEW YORK, March 2.—Offers to meet Jimmy Wilde of England, world's champion flyweight boxer, were under consideration tonight by Frankie Genaro of New York, who won the American title last night from Pancho Villa of the Philippine Islands, at Madison Square Garden.

It will strike the average person of baseball as unfortunate that major and minor league baseball is unable to get together on a satisfactory basis regarding the draft, which will enable them to again work in co-operation.

The present impasse is benefiting nobody. If continued indefinitely it will tend to reduce the number of players in the major leagues at least until sufficient seasons have elapsed for them to bring in a crop of new players. It will not cover the class of major-league players, but to carry the surplus players in the lower classification will prove an onerous burden, and expensive.

There hardly is a club in the Coast League which does not need strengthening. Fortunately, the season has not yet well set before the break came, and yet there probably is not a manager in the league who would not make the customary improvements were it possible to negotiate deals with the big leagues.

Then, hardly a team remains intact during a season's race. Players always appear in clubs which seemed practically perfect in the spring. Players, however, are not permanent, and there is the element of accident and sickness. A bit of good luck or bad luck, if found along about midsummer, a few pounds of extra pitching or hitting there. But for the players who are not permanent, the season is a long one.

One good result may be a tendency toward necessity to pay more attention to the players who are not permanent. The season is a long one, and there is the element of accident and sickness. A bit of good luck or bad luck, if found along about midsummer, a few pounds of extra pitching or hitting there. But for the players who are not permanent, the season is a long one.

There will be a fine, hot race in this league regarding the players who are not permanent. The season is a long one, and there is the element of accident and sickness. A bit of good luck or bad luck, if found along about midsummer, a few pounds of extra pitching or hitting there. But for the players who are not permanent, the season is a long one.

Speaking of the development of young players remains one of a remark once made to me by a manager in spring training.

Why do the rookies look so poor? he asked with an undertone of weariness in his voice. He had been struggling with a big bunch of rookies for more than a week, but apparently had failed to find anything to justify the effort.

"It is because you know the same so thoroughly yourself, and have handled so many men who know it that the beginner looks increasingly hopeless with each succeeding spring," was the only answer I could make.

That is really the dangerous age for many managers. The more one becomes the absolute master of his profession the more impatience he is liable to feel toward the beginner. It is something to guard against. However, it is something difficult to find because it is a part of that changed perspective which comes with age and experience.

### FULLERTON QUINTET NABS PLAYOFF TILT

(EXCLUSIVE DISPATCH)  
 FULLERTON, March 2.—Fullerton High's powerful basketball quintet defeated the Sweetwater Union five of National City, 24 to 8, in a Southern California basketball championship play-off game here today. The local team meets Chicago in the semifinals for the Southern California title next Friday.

### BOY—They're Rapid

Pomona College this year has about the classiest flock of hurdlers that ever graced a track. The Sagwags claim six men who can run the low hurdles in 26 flat or less. Here we have Peewee Walker of the left and Homer Frable at the right. Walker is likewise a sprinter and Frable an animal broad jumper. Neither weighs over 150 pounds.

### Ashmore and Soules Scrap Speedy Draw

Sailor Ashmore and Bud Soules boxed a speedy draw in the main event of Hollywood American Legion bouts last night. Both scrappers battled nip and tuck all the way and the draw decision was well received by the large crowd of fans.

Soules started out in fine fashion in the early part of the opening round, but Ashmore put on a rally just before the bell rang and evened the round. In the second session it was Ashmore who went good in the first part, while Soules evened the going in the latter part of the round. Ashmore took the third decisively, knocking Soules with rights to the wind and face. However, Soules came back like a tiger and ran Ashmore all over the ring. A stiff right to the jaw and a left to the face forced Ashmore to hold on. Both threw caution to the winds in the last twenty seconds, but Soules had all the advantage and fought himself into a draw.

Young McGovern and Young Dick Hoppe battled their way to an even break in the semi-final, but most of the fans thought Hoppe's advantage in the final round gave him enough edge for a decision. Johnny (Tiger) Cline easily trimmed Red Union, putting Union down for nine with a left uppercut to the jaw in the third. Frankie Volpe outboxed Jimmy Dunning after a fast scrap and Fred Cullen easily beat Benny Demake. Walter Honecker licked Young Roberts, while Hank Gatten and Willie Hunt battled a fast draw.

### PASADENA IN CLOSE WIN

Pasadena High School's slender team took the L. A. Romans indoor camp yesterday on the Millionaires' field by a 56-23 to a 56-1-3 score. The relay decided the outcome of the struggle. The Pasadena crew carried off the honors by a large margin after one Pioneer bit the dust in an attempt to pass the baton.

Pollack of the Crown City crew stepped the century in 10 flat. This time is remarkable for this early in the season. Purdie copied the board jump by a leap of 20 ft. 5 1/2 in.

The L. A. High team took six of the thirteen first places and tied for the meet was a fast crowd. The meet was the closest yet in the league struggle so far this season. The track was fast and all the times and distances were lightning.

### POLY LICKS JEFFERSON

Coach Doc Skinner's high-powered Poly High School track-and-field aggregation defeated the Jefferson High cinderpath squad, 71 to 42, when the two teams clashed yesterday afternoon on the Demoret oval. The ability of the mechanics to cop a majority of points in the field and distance events enabled them to win.

The feature race of the day was the 220-yard dash. Archie Woodard, a gentleman of color, representing the Green and Gold squad, took this event in the fast time of 22.1s. This same night-shaded runner stepped off a speedy 100-yard dash in 1-8.8. Ralph Twitchell, also sent a fast pace when he broke the tape, winner of the 226-yard low hurdles in the phenomenal time of 26-2-5s, a count two-fifths of a second slower than the City League record of 26-2 flat.

## BOND QUOTATIONS

Quiet Market

(BY A. P. NIGHT WIRE)

NEW YORK, March 2.—Moderate

improvement in the prices of

United States government securities

and marked irregularity in the

general list characterized today's

relatively quiet dealings in bonds.

All the United States government

issues with the exception of

Liberty 3 1/2, which dropped 8

cents on \$100, and the Victory

4 1/2, which were unchanged,

showed gains of 3 to 20 cents. For-

eign bonds moved irregularly with

narrow limits.

There were few changes of im-

portance in the railroad group. Vir-

ginia Railway 4s and Norfolk and

Southern 4s each advanced a point,

but large fractional losses were re-

corded by Southern Pacific re-

funding 4s, Grand Trunk 4s, Mis-

sour Pacific general 4s and West-

ern Maryland 4s.

Punta Alegre Sugar 7s made the

best response to the higher prices

of the refined product, gaining 1 1/2

points. American Telephone 4s ad-

vanced a point in expectation

of an unusually favorable 1922

earnings report to be published

Monday. Bethlehem Steel refund-

ing a brick rise of 3 points in

Bethlehem 4s stock. American Wa-

terworks 4s fell back 1 1/2 points.

Total sales par value were \$12,-

092,000.

There were few new offerings to-

day the largest being the \$1,000,-

000 issue of Kansas City (Mo.)

school district twenty-year 4 1/2 per

cent gold bonds which were sold at

104 and interest to yield about

4.50 per cent.

## BUSINESS NEWS OF BUSY MARTS

Reported Deal in United Oil Sends Price Up

Union Associates Respond to Market Gossip

Cataloupe Outlook in the Imperial Valley

Another report relative to United Oil was injected into stock market gossip yesterday, when it was rumored that the company had received an offer from an eastern oil syndicate for the purchase of its properties on the basis of \$2.50 a share for the outstanding stock.

Officials labeled the offer as purely fictitious, and stated that there are no intentions on the part of the directors of selling at this time.

Acting on the news of the reported offer, United Oil stock was heavily bought on the exchange, and coupled with the persistent story of a probable increase of the dividend rate from 3 per cent to 4 per cent a quarter, the stock advanced to high prices today.

1.35, representing a gain of 35.5 over the closing price of the previous session.

Although United Oil officials denied negotiations for the purchase of their properties, it is known that representatives of eastern oil companies are anxious to acquire certain of the small California companies having valuable holdings, and offers have been made to several of the local companies. Crude oil production is declining rapidly in the Mid-Continent and eastern fields, the Mexican pools are receding, and only the largest of the petroleum operators are able to compete extensively in foreign fields. The only alternative for the medium-sized corporations is to acquire California production, and to this end, competition is developing for the properties of some of the smaller concerns producing in the Southern California fields.

From its wells in the Signal Hill field, the United Oil Company is producing about 8000 barrels daily, and it wells now drilling materially, it is expected that production will be considerably augmented within the next few months. The company also owns producing properties in the Midway field that are about down at present.

Net income for January is reported at \$170,000, after deducting royalties, but before overhead and other expenses. Dividend requirements are slightly more than \$13,000 a month. The chief expense confronting the company is the operation of four strings of drilling tools.

Officers of the company are C. P. Whittier, president; J. M. Kent, vice-president; and manager; E. L. Pettiford, vice-president; Irving H. Hellman, treasurer; J. S. Wallace, secretary; Benjamin E. Page, counsel; and C. B. Smith, director.

POOL IN ASSOCIATES

Pool operations in Union Oil Associates, the San Francisco Stock and Bond Exchange were the gossip relayed over brokerage wires yesterday afternoon from Santa Fe City. Operations for the rise, it was said, were being predicated on the expectation of the arrival of about twelve new wells within the next ninety days from Santa Fe Springs drilling, and on report relative to the renewal of negotiations with the Royal Dutch interests. Union Oil Associates closed here at 49.62 1/2 after selling up to 50.25.

DUN'S REVIEW

Dun's review today will say: "Expecting demand and rising prices in different branches of enterprise. Tow months of the year have brought a decided extension of the business recovery, and results for the first quarter in many cases will be better than those had been expected. Records of production in certain basic industries show that operations are steadily approaching capacity. Such a situation obviously would not exist if distributors were not covering their requirements freely or if actual consumption of goods were not of sizeable volume."

IN THE VALLEY

Present estimates indicate that the commercial cataloupe acreage in the Imperial Valley for the 1923 season will not exceed that of last season, according to a report made public yesterday by Charles E. Smith, special truck-drop reporter of the United States Bureau of Agricultural Economics. From 80 to 85 per cent of the good acreage has been planted, it is estimated.

A recent inspection of the fields developed that some damage had been done by frost and winds, and some fields are spotted with what might be termed a blight, but there are no present indications of serious damage. Sprayed and fumigated replantings are now being made.

Present indications are that the lettuce yield of the valley will be about the same as last year, according to the report.

PASADENA CLEARINGS

Bank clearings in Pasadena yesterday were \$3,114,391.55. On the corresponding day last year the total was \$2,422,954.68.

## DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

(EXCLUSIVE DISPATCH)

NEW YORK, March 2.—Stocks of dried apricots are very light, and local conditions are having considerable difficulty in locating offerings of good quality lots. The coast still has a limited quantity of apricots at 20 cents for standard, 15 cents for choice, and 12-13 cents for extra choice, but buyers looking for fancy quality have to enter the resale market where holdings are very light and prices correspondingly firm.

Dried peaches are showing a little weakness for coast shipment and one or two holders are forcing the situation. Ungraded peaches were offered today, laid down in New York on the basis of 11 cents per pound.

The California dried fig market has weakened further and prices are nominal. Bank commission figures for coast shipment were offered in a small way at 17 cents per pound, this price comparing with a 1922 figure of 15 cents per pound.

Although numerous reports of low-price offerings of California raisins are circulating in the local trade buyers here who have sent bids to packers on the coast at 15 cents per pound, the price for the past fortnight has been held down to ## TRUSTEES LOSE IN SEWER CASE

### Appeal to Higher Tribunal is Probable

The controversy between the taxpayers and the Trustees of Wastewater for the \$45,000 sewer system was terminated in favor of the taxpayers by Judge Hardy in Superior court yesterday afternoon when he ruled that a permit must be obtained from the Department of Public Health before any sewer can be legally contracted for.

The suit was brought by a number of taxpayers and taxpayers' association on the ground that the sewer system has been illegally contracted for, and that the Trustees are in a conspiracy against the taxpayers.

During the course of the testimony yesterday Attorney Conover represented the Trustees and raised the question as to whether the City Trustees should have obtained a permit from the Department of Public Health before building the sewer, which is a corrective sewer.

Attorney Conover representing the defendants, made a lengthy argument to show that in such a case no permit is required by law. He

The point, which arose incidentally in the course of the testimony, was decided by Justice Hardy in favor of the plaintiffs and the decision is believed to mean that the case is virtually ended.

Attorney Bianna asked for a continuance of the case until Monday to permit him time to consult with his clients as to their course of action. It was declared, however, that there is no need of continuing for so long a time, and the case was halted by the court decision. Another trial of the case will be held by the Trustees of Watts was believed likely.

## NOAH LOSER BY LACKING RADIO

Ark's Captain Should Have Heard KHJ

Concerts Would Have Been Life of Cruise

Excellent Program is Sent Out by "The Times"

BY BEN A. MARKSON  
(Weekly entry in the Diary of a Radio Concert Critic, Friday, March 2.)

If Noah had had a radio set on the Ark his cruise wouldn't have been so tedious. Moreover, instead of pressing the dove into messenger service to find out how conditions on the subject by radio, he would have had the slight drawback that there was nobody left on earth of whom to make inquiries.

To have enjoyed a KHJ concert, Mr. Noah would have had to wait a few thousand years, before being born, and this would have somewhat delayed the flood so that everything would be perfectly, but that has nothing to do with yesterday's concert.

Seems as though on every diary day a saxophone outfit shows up and drags me down from the lofty altitude of impersonal contemplation of music and musicians. Last night it was Jack Regan and his sextet of salubrious saxophones. Jack Regan trained this sextet, selecting the members from his senior pupils.

**KING TUT'S BLUES**  
Purely in the interests of scientific symposium and Egyptological excavation they played "King Tut's Home Town Blues." King Tut was responsible for a couple of apocryphal pyramids, I understand, and his home town is now the scene of considerable digging.

"An Old Love Song" from "Rebecca Hood" was a beautiful bit of harmony. "Pete" proved fatal to my dignity. They played "Let the Rest of the World Go By," and I was so absorbed in the music that I did.

I am in love with four girls' voices, those owned by the California Girls' Quartet. Margaret Wilson, director; Maybelle Berry, soprano; Rachael Graves, soprano; and Madge Becker-Quimby, alto. They made the night concert one of starting enjoyment. Margaret Wilson, pianist, was the excellent accompanist. The California girls have appeared before many of the leading Southern clubs, social and civic, finding great popularity through the sunshine of their warm and their voices.

The quartet sang "Tomorrow," and "My Buddy," for popular education. "Will be the Wisp," by Brown, and "The Belle of St. Mary's," by Brown, were sung to silence the most critical. The quartet is a charming melody. "Medley of Southern Songs," by Wilson, "Mandy, Mandy," by Wilson, and "Little Popcorn," by Sherwood, were other quartet numbers.

Maybelle Berry gave us "Mellé-lade in the Woods," by Goetz, with the charm of a nymph in a forest glade. A voice like the rustling of leaves, and the caress of a gentle breeze. Rachael Graves, soprano, sang "Just an Old Love Song," with a tender grace and a graceful intonation. "Pale Moon," another solo, was a voice poem to the pallid crescent drifting through misty skies.

**CANARY SOCIETY**  
Three four miniature sopranos, the studio carries, gave a quartet accompaniment to the whistling of Madge Becker-Quimby, recognizing in her a fellow canary. In discussing the whistling of bird imitations I understand that the yellow songsters agreed to admit her into the KHJ Canary society, very exclusive organization. "Sometime" was another of her attractive whistling numbers.

Dr. Eugene Francis Storke's weekly radio talk was entitled "Hobby Riding." Somehow I felt that he was verbally charming me, and he said: "We are passing through a period of hobby riding that far too often obscures the way of progress. Learning the craft we are best by hobbling. We ride them in childhood and youth; emerging from youth we encounter to jazz a hobby that reveals itself first in music and dancing; then in the literature of the day—even in the fine arts; and, finally, in the home."

"The spirit of jazz seems to be an epidemic involving society as a whole, doing the human good. Furthermore, like the flu, it is easy to get, hard to endure and harder to cure!"

Good, that was a solar-plexus punch, doctor! He went right on down the line, massaged the would-be doctor's human body, by verse, and wound up by giving some good advice in the matter of selecting hobbies.

**EVENING PROGRAM**  
The evening program was a stupendous entertainment for the kids and ladies. Mrs. Blanche R. Harris told them a bedtime story that sent them happily into dreamland, and E. Groussard, accompanying himself on the guitar, gave them "Barcarade Melodies." He plays a guitar as it should be played, and his numbers were catchy and imaginative.

Several listeners telephoned in concerning Francis Murphy, bartender, who, accompanied by Carrie Preston Rittmeister, sang four selections during the noon program. They said that they enjoyed his singing, and so did I, which made me unanimous. His voice has unusual personality, his singing of "I'm a Soldier" was a real gem. "I Hear You Callin' Me," "Dream," by Bartlett, and "Little Echo of Mine."

In closing I can't help but remark again how much Noah missed by not having a radio set on the Ark.

## JAMES IS NEW FEDERAL JUDGE

(Continued from First Page)

Work will begin on that improvement about April 1.

Judge James believes in brevity and simplicity. He made that clear when reporters and photographers invaded his chambers yesterday afternoon to tell him that he had received the highest placed honor among Southern California jurists.

**BEGIN IN TEN DAYS**  
The next ten days he intends to devote to completing his work as a justice of the State District Court of Appeals, whereupon he will walk unannounced into the office of Federal Court Clerk Williams, present his engraved and beveled commission, take the oath and start upon his duties.

Though born near Buffalo, N. Y., Judge James has lived in Los Angeles county since he was 1 year old, and for half a century has been identified with the growth and life of the Southland. His education was obtained in California.

In 1894 he was admitted to the bar and began practicing his profession in Los Angeles. He had formerly been a newspaper man in San Francisco.

His first public office was that of Chief Deputy District Attorney of Los Angeles county, serving in the years 1903-5 under Capt. J. D. Fredericks. He was appointed to the Superior Court of Los Angeles county in March, 1905, by former Gov. Pardee.

Shortly thereafter he was elected to succeed himself, but in July, 1910, before the term was completed, he was nominated to the Appellate bench by former Gov. Gillette to succeed Judge Targert. He has twice been elected to that post since his appointment.

**PARTISANSHIP WELL KNOWN**  
Judge James was married in 1912 to Miss Ella Hays. He is a Republican in politics, and a member of the California Club.

Judge James is one of the best-known attorneys of California, and has had an active political career. He was Republican candidate for Mayor of San Francisco in 1920, and has since been chairman of the County Republican Central Committee. He was formerly City Attorney. He is 52 years of age, and unmarried.

He stated yesterday that the appointment came as "a complete surprise."

**ENDS DEADLOCK**  
By Robert B. Armstrong (SPECIAL REPORTER)  
WASHINGTON, March 2.—Ending a deadlock of months President Harding sent to the Senate today the nomination for the additional Federal judgeships in California.

In addition to William P. James, chosen for the southern district of California, John S. Partridge receives the place in the northern district of the State.

Both of these nominations were sent to the Judiciary Committee of the Senate tonight and there will be no opposition to their immediate confirmation. A favorable report from the committee is expected tomorrow and the Senate will act on the nominations by the end of the week.

Thus ends without friction one of the most prolonged contests over Federal patronage seen in California. The Department of Justice, first recommended for the place in Southern California a choice of three or four names, all of the Department of Justice, and the Los Angeles county committee recommended for appointment four names and among these names was that of James, who has made an enviable record in the State courts.

**JOHNSON BEATEN**  
Efforts from all sources to break the deadlock in the south have failed. The last day of two without apparent result. Within the past forty-eight hours a report was received from the Department of Justice that a majority of the Senate had decided upon the place in Southern California a choice of three or four names, all of the Department of Justice, and the Los Angeles county committee recommended for appointment four names and among these names was that of James, who has made an enviable record in the State courts.

Senator Johnson insisted to the last that his activities, which were not his own, but those of the party, should be protected. He was beaten by the party, and the party was beaten by the party.

**WOMAN FINED FOR SELLING "NEEDLES"**  
Sentence of a \$100 fine and a 100-day term in jail was imposed on Mrs. M. V. Mathay, proprietress of a place at 414 N. 7th street, for selling needles.

Mrs. Mathay appeared on a similar charge November 25, last, and was then fined \$25. She is said to be the widow of a well-to-do surgeon implement manufacturer.

Mrs. Mathay said she had been charged with selling needles for a long time, but she had never been charged before.

Today a series of campaign presentations at various studios will be started, to continue throughout next week, covering all studios.

## RELIGION IS WORLD'S PANACEA

Naught Else Can Bridge Fatal Gulf of Humanity, Says Pastor

"If civilization be the art of living together, then civilization has failed," said Dr. Westwood of the Unitarian Preaching Mission at the First Unitarian Church last night. "Despite the preaching of brotherhood for thousands of years as a principle, it cannot be said to dominate the life of the present age. The body of humanity is torn with strife; human society is split asunder. Not only are there divisions between nations but there are divisions within nations. As a matter of fact this process of division which is akin to disintegration has been intensified since the war."

"The fact of the matter is this, society cannot endure if this condition. Even as Lincoln once said, a nation divided against itself cannot endure. So it is true of civilization today. Unless we can find some means of healing the wounds of bridging the chasm between the various elements of society, then in my estimation our present social order is entirely doomed, and the day is not far distant when people will speak of western civilization in the same terms that we now speak of that which once flourished on the banks of the Nile, the Euphrates, and the Tigris."

"I am persuaded that the one supreme and only hope of bridging the gulf today is religion. In saying this I am aware of the differences that religion itself has caused, but just the same, religion it is at once not only a permanent but the most powerful factor in the evolution of civilization. But how is religion to accomplish this? The answer of the liberal faith is this: that while there are many religions, there is but one religion. Despite the many sects and divisions, humanity is spiritually one."

**BETROTHAL IS DENIED IN FLIRTATION**  
Man Accused of Getting Cash and Jewels Says He Did Not Propose

"I never asked her to marry me and never considered it; I had the darlings little wife of my own," said H. T. Davis yesterday in Justice Baird's court, defending himself from a charge of grand larceny made by Mrs. Eva Lindemuth. He was held to answer in \$2000 bail.

Mrs. Lindemuth asserted Davis, after a Perverse Square flirtation, became betrothed to her, talked her out of \$100 and two diamonds and then left her.

Davis declared Mrs. Lindemuth appeared lonely and he was merely trying to cheer her up. He spent her money, he declared, at her own request to show both of them a good time.

"No, I wouldn't," retorted the deputy, setting indignity against Davis admitted on cross-examination he had spent some of Mrs. Lindemuth's money on his personal living expenses.

## As Practical Today as in the Days of Miles Standish

Among the most charming furnishings for the modern sleeping chamber are quaint four-poster beds like the above. They have always been in good taste, and their popularity is on the increase. Comparatively inexpensive, they afford whole some variety in room arrangements.

"The Alden" comes in warm brown mahogany or walnut finish.

## JILTED LOVER MURDERS GIRL

(Continued from First Page)

hour but she failed to appear. He had an intuition she was out with the other man. He thought of poison, but the desire not to do like a coward defeated his suicidal plan, he said.

"My heart was thumping—thumping. I went to a store to buy a revolver, but that poor man didn't want to sell it to me. I told him I wanted it only for protection and showed him my war medals to prove I was not a criminal. He sold it to me and said, 'Be careful' and I told him, 'I will be careful'."

Shapiro staggered home, the weapon in his pocket. His wife was in pain, for there is to be a baby. He gave her all his money and wrapped up all his clothing. Mrs. Shapiro asked him why he was so good to her, and he cried.

**SHAPRO'S WIFE WITH BOY**  
He took a car toward Rialto Gold's home. Near East First and Chicago streets he saw her walking with a boy she sometimes dances with.

"Please, Ray, I want to talk to you and your father," he told her. She protested, but Shapiro insisted to accompany him to her father's house on Fickert street.

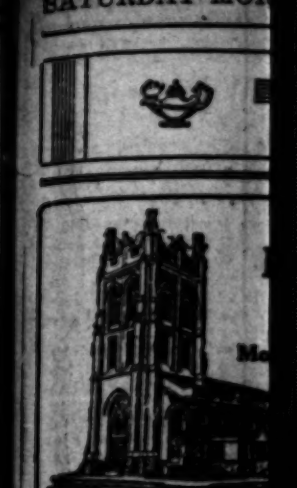

"You talk first to your father, and don't let him throw me out," Shapiro told her.

The girl went in search of her father. Shapiro stepped into a side room and took the weapon from his pocket.

"I put three bullets in the gun for her and four for myself. I told them to get back. I only shot five times. There are yet two bullets in the gun."

The father found the girl's face white with front teeth missing, sitting on Shapiro, who was squirming on the floor. Mrs. Gold was shot through the hip. The girl was dead.

Shapiro, at the end of his story, began to weep. He raised his hands and begged for mercy. Tears streamed down his cheeks.

**THE BEARD OF THE PROPHET**  
 Abdul Medjid has been chosen Caliph of the Mohammedan world. He is a prophet with a following numerically greater than the whole population of the United States; but he must endure a probationary period before he can perform the functions of the Father of the Faithful. A custom as immutable as the laws of the Moslems and the Persians requires that the Caliph shall wear a beard. When chosen the chin and throat of Abdul had just been subjected to the ravages of the modern safety razor. How can one wear the beard of a prophet who has no beard?

So it happens that 100,000,000 people would rise in revolt against his authority, would contest his omnipotence, if he should appear in public with a clean-shaven face. He has gone into seclusion in the palace reserved for him in Constantinople; and some prying newspaper correspondents have penetrated the secret of his seclusion.

But there is no newspaper in the whole of the Turkish dominions that dares print in its columns the simple statement that the new Caliph had fallen into the foreign habit of removing the hair from his face. If this scandal were to be aired in public the foundations of the Ankara government would be shaken. The masses would accuse Kemal, Ismet, et al. of infidelity, which is a sin.

Crime and sin are not synonymous among the faithful. They regard the commission of a crime as a material act; but a sin presupposes moral delinquency. Murdering foreigners is a violation of the secular law, which is not a great offense; but for a member of the religious hierarchy to remove his whiskers is a capital sin.

This incident has its significance, when considered in relation to the present unrest in the Near East. It gives one an idea of the difficulties encountered by those who are seeking to establish on a basis of reason and justice relations with the Turkish government and the Mohammedan peoples.

Our Puritans were models of tolerance compared with the Turks. In the government meaning of the term liberty has no equivalent in the Turkish tongue. Self-determination of the individual is incomprehensible to them. Justice is not determined by reason, but by the letter of the Koran. Representatives of the western governments are likely to ask the Turks to sign something which would be a denial of their faith, without being aware of the portent of their request.

Right and wrong are not considered as relative but as absolute terms. All is written in the Koran; if it is not there it is not right and it is not just. The Turks will no more compromise an article of the sacred book than we will compromise a principle.

Negotiating a treaty with such peoples is attended by the same difficulties as would be encountered if an American and a Turk, neither understanding the other's language, should attempt to make a verbal agreement about something. West and East do not think or reason in the same terms. Right and wrong are measured by different standards. It is not easy to make things that are not equal to the same thing equal each other.

Force alone is "perforce" the sovereign arbiter; and an occasional armed conflict is necessary to demonstrate which side is the stronger. That is why the confederate of Lausanne failed. The two parties at interest spoke no common language. And, as long as there are such classes of opinion between West and East, clashes of arms can hardly be avoided. Peace will be securely established in the world only when all peoples think in the same terms. That is why international intercourse is absolutely necessary to international understanding.

**COLLEGE WOMEN LONG-LIVED**  
 In the last quarterly publication of the American Statistical Association Myra Hulet has presented some interesting figures on college life from which she draws the conclusion that college women live longer than other women.

Among 15,561 graduates of three women's colleges the death rate between the ages of 20 and 64 years was only 3.54 per 1000. For college women between 25 and 34 years the death rate was 2.77 per 1000; while for women in general it was more than twice as high, namely, 6.19 per 1000.

From this it is evident that not only the chances of living are better for the girl while she is in college, but that the professional occupations usually chosen by girls in college contain fewer hazards than the industrial and other occupations selected by the noncollege women. Further investigation revealed that 53 per cent of the college graduates were engaged in teaching school. We may therefore assume that the pedagogic, like the clerical, profession is among the most healthful and least hazardous.

Indeed, life insurance statistics confirm this. Such favorable figures for college graduates are not surprising. As a rule they come from homes where living conditions are conducive to good health, not always the case with the girl who earlier in life must take an industrial position.

Moreover, physical and medical examinations, at present the rule in the majority of colleges, bring to light remediable defects and lead to their being given skilled attention. Prescribed athletic exercises and the instilling of hygienic practices also add to the high level of health enjoyed by college girls.

Of course, girls do not enter colleges with the premeditated idea of thus lengthening their lives. But if this boon is an extra advantage, thrown in with the social and educational finish afforded by these temples of learning, the college will have a still wider attraction for those who are looking for a long life well spent and crowned with useful labors.

**UNWORTHY AMERICANS**  
 President Harding's proposal that our government shall accept membership in the International Court of Justice has been tabled in the Senate, where the old "irreconcilables" organized to talk it to death. But that which is, for the moment, dead in Congress is very much alive in the country.

For twenty years prior to the World War America was the leading proponent of the idea of a world court to codify international law. The proposal that an international tribunal should be constituted, in which arbitration could replace military solutions, came from this side of the water.

So long as it did not take concrete form there was no opposition in this country; and it was not until the court had been constituted and was actually beginning to

## This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page is bound, showing the inner hinge and some stitching. The overall tone is a warm, off-white or light beige.

## TRIANGLE IS QUADRANGLE

Accused Wife Says Youth's Letters Were Copied  
From Books; Brings Cousin Into Case

Charges, countercharges and denials yesterday featured the trial  
in the Superior Court of the suit of Arthur Leroy Miller for divorce from  
Gertrude L. Miller. The suit is being tried before Judge Doran.

Mr. Miller charges that his wife  
was too friendly with Kenneth  
Bacon, 29 years of age, whom he  
named as co-respondent. Bacon,  
who was present in court yester-  
day, will take the stand Monday  
to deny the charges.

Mrs. Miller denies her husband's  
assertions and declares that he is  
infatuated with her cousin, Varian  
Jenkins.

Introduced as evidence yester-  
day were letters which Mrs. Miller  
claims were copied from books in  
her home.

The letters, which were written  
by Bacon, were introduced by  
Mrs. Miller's attorney, who con-  
tends that they were copied from  
books in her home.

URGE BUREAU TO  
BLOCK DIVORCES

Ministers and Club Heads  
Indorse Proposal

Domestic Affairs Would be  
Talked Over Calmly

Plan Works Successfully in  
Many Other Cities

Heaving into sight on Los An-  
geles' skyline is a matrimonial  
floating dry dock for storm-  
strained affairs on the well-known  
uncharted sea.

With the belief in the ancient  
adage relative to a stitch in time,  
a movement has been launched  
for the organization of a "domestic  
relations bureau" which will  
have for its purpose the providing  
of an opportunity for the airing  
of matrimonial difficulties before  
bringing them to the attention of  
divorce courts.

In view of the profound success  
with which similar organizations  
have met in many cities, notably  
New York and Philadelphia, the  
logical thought occurred "why not  
Los Angeles domestic difficulties  
bureau?" and yesterday the plan  
was heartily indorsed by civic and  
business organizations and many  
ministers.

Major Cryer and members of  
the City Council will be consulted  
today concerning the operation of  
the bureau as an adjunct of the  
city government. All indorsing the  
project yesterday expressed the be-  
lief that such an organization  
should have the city as its  
"guardian."

Briefly, the operation of the bu-  
reau would consist of estranged  
couples explaining their conjugal  
difficulties to some member or  
members of the bureau, all of  
whom would be sympathetic and  
well versed in the intricacies of  
the differences responsible for  
estrangement. This consultation  
with its primary object the re-  
conciliation of husband and wife,  
would be required as a first step  
before placing the courts within  
reach of husband or wife.

Organizations indorsing the plan  
yesterday were the Social Service  
Association, Moral Efficiency As-  
sociation, Woman's University  
Club, California State Legal As-  
sociation and the Masonic Board  
of Relief. Heads of other clubs  
and associations personally in-  
dorsed the project and declared  
their intention of bringing the  
matter before their respective or-  
ganizations in a plea for the  
manifesting of moral support.

Prominent ministers who de-  
clared the bureau would be capable  
of conducting great benevolent  
work were Rev. R. P. Shuler, pas-  
tor of Trinity Methodist Church;  
Dr. E. E. Helms, pastor of First  
Methodist Church; Rev. E. E.  
Buckus, First Unitarian; Dr. W. T.  
Wright, Westlake Methodist, and  
Dr. J. Whitcomb Brougher, Temple  
Baptist.

Mrs. W. P. Cunningham, presi-  
dent of the Woman's City Club,  
offered all possible support to the  
project.

"What other cities have suc-  
ceeded in doing, Los Angeles can  
do," said the "Other" cities  
have established organizations of  
this kind, and untold numbers of  
young couples, especially those  
whose matrimonial ships would  
have gone on the rocks, were  
saved. Divorce court records in  
this city are mute evidence of  
the need of such domestic rela-  
tions bureau as has been sug-  
gested. And I feel that no bet-  
ter movement could possibly be  
effected.

"In the first place, there are  
hundreds of young couples who  
have petty differences and the first  
thing they think of is divorce. In  
a majority of cases, the husband  
does not exactly know what it is  
he has done to cause the lack of  
harmony. The same holds true in  
the case of the wife. Let them  
come before some sympathetic party  
in whose hands is some authority  
and spread out their differ-  
ences figuratively face up on an  
impartial table, where the three  
can gaze upon them. Petty dif-  
ferences look large when one holds  
them within themselves; spread  
them out and talk them over with  
some one, and they shrink to  
amusingly small sizes.

"Reasoning back seen  
"Of course that is not always the  
case. But in a large number of  
situations it is simply that young  
couples are loath to reason among  
themselves. That is the greatest  
trouble. Great slashes would be  
made in the number of divorces  
should the husband and wife go  
off by themselves somewhere and  
talk it over. But they won't do it.  
They seem to be afraid to do it.  
And that will be the beauty of the  
domestic relations court. It will  
compel the couples to air their  
troubles not only in the presence  
of their mates, but also in the pres-  
ence of a practical stranger.

"In many cases, one of the twin  
will possess trivial annoying hab-  
its which are offensive to the other,  
yet be unaware of his creating an  
annoyance. The offended party is  
loath generally to mention them.  
And I understand that not infre-  
quently when such cases appear  
before the bureau in other cities,  
the offending mate will be sur-  
prised to learn of the effect of his  
habits and gladly promise to be  
more careful in the future. That  
may appear ridiculous, but in fol-  
lowing divorce cases, one is often  
astonished at the ridiculousness of  
the complaints.

SPEED IS URGED  
"And thus I say again, one of  
the greatest troubles is that the

# Millions Face Starvation As Russia Exports Grain

Eight million Russians will starve to death before August if not fed by Russian or foreign relief. This is the figure set by the Commission on Russian Relief, consisting of Allen Wardwell, Graham R. Taylor, and Allen T. Burns. They have recently returned from a five months' trip in Russia, and their summary report, issued by the National Information Bureau, Inc., is just out. In the face of this comes the astounding news that Russia is exporting grain.

According to the Russian Special Correspondent of the New York Times, Walter Duranty, Russia is preparing to export up to 10,000,000 bushels. Arthur S. Draper, in a London cable to the New York Tribune, is authority for another report that the Bolsheviks delivered about 250 carloads of rye to the Finnish Government and received payment in dollars at the prevailing American rate for grain. According to the report of the Commission on Russian Relief: "The position of the Soviet Government regarding exports is that they are imperatively necessary to break the vicious circle already referred to—underproduction because of the lack of horses and plows, new shortages, famine, further killing and eating of horses, continued underproduction. Quite frankly the authorities state that even at the cost of many deaths from starvation this year, exporting grain is the only way to secure the work animals and implements needed to prevent many more deaths in the future."

There is an illuminating article in THE LITERARY DIGEST this week bearing upon the starvation menace which faces Russia in the immediate future. It is illustrated with two maps showing the sections where famine existed last year and the sections where American Relief operates.

## BOARD TO FIX FRESNO FARE

City Officials Say Nickel Rate Return Indicated

Pine Flat Tests Show 'Dam Will Have Good Base'

Wright Act Campaign Costs Dry League \$243,673

FRESNO, March 2.—The year during which a 6-cent street-car fare was authorized for Fresno by the California Railroad Commission expired yesterday and within thirty days the Fresno Traction Company must file a statement of earnings, so that the future fare may be determined by the rail body.

On the basis of a statement of physical valuation of the company's properties made by former Chief Engineer Richard Sachse of the commission, company officials said several days ago that the 6-cent fare will continue at least another twelve months. Various officials at the City Hall who have studied the Sachse report, however, are of the opinion that it portends a return to nickel fares, on the basis of the 8 per cent of property valuation allowed the company for profit.

**BEDROCK FOUND**  
After four months of labor on the site of the Pine Flat project dam on Kings River, during which twenty-seven holes were drilled to bedrock to test the foundation, Chief Engineer George L. Swendsen of the project announced yesterday that the investigation is complete and the results highly satisfactory.

Except in a few spots, he said, solid rock formation was found at a depth of from twenty to thirty feet. The explorations show, he said, that the entire site is underlain with granitic material, which is harder than granite and will furnish the best possible base for the dam.

The test holes vary in depth from thirty to 153 feet and span the canyon in two lines.

**DEFICIT MADE UP**  
Campaigning for the Wright Act last year cost the Anti-Saloon League \$245,873.57, according to a paper read yesterday by State Superintendent A. H. Briggs of the league at a meeting of its California Executive Committee in Fresno.

A deficit of more than \$1400, caused by these expenditures, he said, was relieved by the national organization.

## CRIPPLED PLANE MET BY CUPID

Aviator Forced to Land on Ranch Falls in Love During His Stay

(EXCLUSIVE DISPATCH)

EXETER, March 2.—When Capt. James Leslie Giffen of Long Beach made a forced landing in his airplane on the Holley ranch near here, a romance began which ended with his marriage a few days ago in San Diego to Miss Gloria Eileen Holley, pretty daughter of his in-laws.

Capt. Giffen piloted an Army plane from San Francisco to his home in Long Beach, and engine trouble forced him to land on the Holley ranch. He met Miss Holley and Cupid did the rest.

The groom is a graduate of the University of Nebraska.

## BAKERSFIELD LEGION TO OPEN NEW HOME

POST MAKES DRIVE FOR NEW MEMBERS WITHIN JURISDICTION

(EXCLUSIVE DISPATCH)

BAKERSFIELD, March 2.—At a special meeting of the Frank R. Reynolds Post last night, plans were discussed for the opening of the Legion home here, the latter part of this month. A feature of the session was a talk by Assemblyman Grace S. Dorr on "Soldiers' Legislation."

The post is looking for new members to share the club building now under construction. A membership drive which will thoroughly cover the city for the purpose of getting every man eligible in the jurisdiction of the post, has been started.

The committee in charge for members consists of Thomas McManus, C. H. Nichols, chairman, and Franklin Heck.

## TEACHER IS ROBBED

(EXCLUSIVE DISPATCH)

PORTERVILLE, March 2.—Burglars who entered the home of Miss Alameda Hodgdon, local high school teacher, took a string of pearls, a platinum bar pin with a sapphire setting, and \$14.49 in cash, according to a report made at police headquarters today. When the young woman returned from school late in the afternoon she discovered the loss.

## Orders Alimony in Cases Which Concern Child

(EXCLUSIVE DISPATCH)

EL CENTRO, March 2.—Ordering amendment of a divorce complaint calling for alimony, Judge M. W. Conkling in Superior Court here this morning scored husbands who placed the burden of support of a minor child upon the divorced wife.

Mrs. Charles Higbie, formerly of Los Angeles, showed just proof of cause for a divorce from her husband, who had knocked her down and abused her on numerous occasions, according to testimony. Judge Conkling stated that he was going to quit granting divorces without alimony where there were children concerned, holding that to place the burden of support on the wife was to run the risk of making the child a public charge in case anything happened to the mother. Three divorces were granted by Judge Conkling in rapid succession this morning.

## DINUBA BOY SCOUTS ARE READY FOR HIKE

(EXCLUSIVE DISPATCH)

PORTERVILLE, March 2.—Led by Leroy Thomas, Tulare county Boy Scout executive, Dinuba scouts will leave that city in the morning for a district hike. A number of new troops are being organized throughout the county. Monthly meetings of the northern committee will be held at Orel, the 23rd inst., and a Boy Scout camp will be given at Dinuba High School, the 18th inst.

## WAR OF MILK MEN BRINGS PRICE CUTS

FRESNO, March 2.—Retail prices of milk were cut 3 cents a quart here yesterday as a result of a war among distributors. The new price for delivery at homes and purchases in retail stores is 11 cents a quart and 1 cent a pint.

The price cut came as a culmination of numerous slashes, starting with a reduction on gallon quotations and extending to figures made for soda fountains, stores and other large consumers.

## ILLINOIS COUNTY PICNIC

Former residents of Rochelle, Ill., and of Ogle county (Ill.) are to hold a picnic in Lincoln Park today. At the picnic, an association is to be formed of all persons from that county now residing in Los Angeles and Southern California, and plans are to be made for an annual picnic.

## SOCIETY SUES ALFALFA MEN

Collection of Assessments Sought at Tulare

Growers Meet to Plan Fight Against Charges

Fifteen Named in Warrants Already Served

TULARE, March 2.—The Alfalfa Growers' Association, with headquarters in Los Angeles, which is said to have recently ceased active business operations, is reported to have brought suit against a number of local members for collection of assessments said to be due the association. Local men upon whom warrants have been served include W. J. Higdon, Alex Whaley, C. W. Brown, C. E. Bristol, Henry Fogle, G. G. Blankenship, C. O. Bergman, Arthur Hall, J. T. Smith, R. H. Brittingham, M. M. Cordem, O. L. Best, J. F. Carroll, Nell Kelley, H. H. Beckwith and the Tague ranch.

Growers included in the suits brought by the association recently met in Visalia and planned for legal representation. It is believed that the growers upon whom legal process has been served will win in defeating the suits, although separate action is sought by the association.

## BOOSTERS ELECT

Members of the Lindsay Boosters' Club, in annual session at the Hotel Lindsay, elected officers, appointed committees and heard a review of the work accomplished during 1922. Officers elected were: President, A. E. Skidmore; vice-president, W. L. Keeley; treasurer, A. M. Hostetter. Directors are J. Burgess Moore, M. K. Henderson, J. O. Kirby and George Delano. J. Burgess Moore, retiring president, told of work of the club during 1922, giving stress to civic matters. A membership campaign is to be conducted soon.

In recent years the girls' parties have been numerous and the boys are determined not to be outdone. All boys of the school will participate in this event which is expected to be the source of much enjoyment.

## GUINNY AS BURGLAR

Joe Gonzales was found guilty by a jury in Superior Judge J. A. Allen's court at Visalia, on a charge of burglary. It was claimed that Gonzales entered the Walter E. Drabnick store in Visalia on December 6, last, with intent to commit burglary.

Gonzales previously served a term in San Quentin for robbery.

## FILM THEFT CHARGE IS SUIT BASIS

Husband's Tale of Loss of Valuable Picture Denied by Wife

A motion-picture film, said to be worth \$45,000, has been the principal fly in the ointment of the married life of Mr. and Mrs. Elias Schwartz, declared Mrs. Schwartz yesterday, in filing a counter-suit for divorce.

Two weeks ago Mr. Schwartz asked a divorce, stating that his wife had removed a film worth \$45,000 belonging to him from his Chicago office. He is a film producer.

In her counter-suit, Mrs. Schwartz charges that the film is her own property and that her husband was trying to sell it for her. In a fit of anger, she says, he threatened to go to Mexico, so she removed the film for safekeeping.

Mrs. Schwartz also charges that on one occasion her husband kicked her out of bed, and that on another he threw a cup of hot coffee at her, his wife, however, being poor.

## Had to Change Auto Tire; Wife Given Divorce

Because Thomas Krustak made his wife change an automobile tire and because he wrote her, after their separation, "Variety for me in the future," Judge Sumnerfield granted Mrs. Emma N. Krustak a divorce yesterday.

Krustak tried to get another man to change the tire, Mrs. Krustak testified, and when this man refused, Krustak compelled her to do it, she said. In the letter, which was introduced in evidence, Krustak said he would not be his wife's husband for \$1,000,000.

"I never did like little women and you are too dainty. I like big girls or else tall ones," he wrote.

## POLES WILL GIVE BENEFIT CONCERT

ENTERTAINMENT PROCEEDS TO BE USED FOR THEIR NEW AUDITORIUM
